General and Revenue Secretariat.

Agr. File No. 115 of 1913.

Serial No.

1 A consolidated Statement showing necessary information in respect of each officer recommended to be appointed in the revised cadre in the above 3 letters is prepared & put up for reference

2 In para 14 of the order sanctioning the reorganization of the Agl Deptt, special emphasis has been laid in regard to the apptt of persons who will live in the State & become leaders of Agl population. No reference is made to these observations in any of the recommendations now submitted by the Director.

3 It is a question whether Local test qualifications should not be prescribed for the apptts of manager, Headclerk & Accountants in the Director's office.

Subd for orders

Pay 26.3.14

4. The point for consideration is whether in the case of Nos. 2, 3, 4, 7, 8 and 9 (in the Statement put up) the recommendation of the Director to give them one or more increments in the new grades, instead of placing them

Q.

NOTE—Contn. sheet.

GPS—60,000—7-11-13

Serial No.

pay
on the minimum of even the respective appointments, is free from financial objection — Branch II may be consulted.

28/3/14

5 The appointments recommended by the Director in pursuance of the reorganisation scheme are noted, for ready reference, in the Statement put up. All the persons recommended are already in Service in the Agrl Dept & no new person is recommended for any of the appointments. As such, the appointments appear to be unobjectionable

6 In the Chemical Section, the post of Agricultural Chemist is kept vacant as decided by Govt but Mr B Narasimha Iyengar & whom this post is ultimately intended if he qualifies himself, is proposed to be appointed & the present as Senior Asst Chemist on Rs 150-20-350. The necessity for this appointment at the stage is not clearly explained.

7 In the case of six officers, the Director has proposed that they may be granted an increment or two in advance

GPB—60,000—7-11-13

G. R. S. 12] 6355

General and Revenue Secretariat.

Agr. File No. 115 of 1913.

Serial No.

As in many of these cases, the pay of the new grade is itself an advance over the existing pay drawn by them, the necessity & sanctioning increments in advance is not strongly made out. They may therefore be all appointed on the starting pay of the new grade. Moreover, to sanction increments in advance in the case of some would be only to invite requests & similar concessions from others, also.

8. All the appointments if sanctioned may be given effect from the date of sanction.

(See 7 & 8) Sd/- I/4

9. The appointments proposed may be approved.

10. The increments in advance recommended in the cases of R. Narayan row (Clerk), M. K. Venkata row (Agricultural Geologist) & Kunhi Kannan (Asst Entomologist) may be sanctioned as they have been drawing the minimum pay of the new scale for several years past.

NOTE—Contn. sheet.

GPB—60,000—7-11-13

G. R. S. 12]

General and Revenue Secretariat.

Agri File No. 115 of 1913.

Serial No.

11. In the case of D.G. Ramachandra now he will get a left of 30 Rs by getting into the new scale & there seems to be no adequate reason to give him an increment in advance.

12. In the case of Ramayya, the reason for giving 3 increments in advance is that a compeer of his (T. V. S.) is appointed Junior Asst. at Bobbili the pay of which is somewhat more favourable than that of Farm Manager.

13. Either this recommendation may be adopted or better still the pay of the Farm Manager (70-5-100 & the 100-10-150) may be made the same as that of the Junior Scientific Assistant (70-10-~~150~~ 100). The average cost of the former is 111/2 Rs & of the latter 120 2/3 Rs or a difference of 9 1/6 Rs per mensem or 110 Rs per year.

16. This equalisation will remove one cause for dissatisfaction & in that case Ramayya may start on 70 Rs.

Brought forward)

15. The only financial objection is the grant of advance increments in the cases of Nos 2, 3, 4, 7, 8, 9. The Secy., E. & A., recommends the grant in all cases except 3 & 9. In the case of No 4 he makes an alternative proposal to alter the sanctioned scale from 70-5-100 and then 100-10-150 to 70-10-150. The latter involves an additional recurring charge of Rs 110 per annum. (Vide paras 12 & 13 supra).

Submitted to His Highness.

In Government Order No. R. 6695-743, Agri. 107-12-13 dated the 24th February 1914, the department of Agriculture was reorganized and a revised scale of establishment was sanctioned.

2. In his letter No. 2453 dated the 16th March 1914 and his subsequent references to Government, the Director of Agriculture, has made his recommendations in regard to appointments in the Agricultural Department in accordance with the revised scale.

3. The appointments relate to the superior posts in the department in the sections of Agriculture, Chemistry, Biology and Education.

4. The proposals of the Director were considered in Council on the 1st July 1914 and the opinion of the Council i contained in the Extract of the Proceedings of the Council hereto annexed.

5. There is no financial objection to the recommendations of the Council, which may be graciously approved by His Highness.

8.8.14

The Secretary, E. & A., will kindly draw up a note on the educational qualifications and service of each of the two officials whose cases are now under consideration, and state, for the information of the Council, whether men with such qualifications and antecedents are, in any other departments, given the high salaries now recommended in their case.

Dr. Coleman asked for a reorganization of the establishment of his department. Instead of getting competent men, he appears to be utilizing men with inferior qualifications by giving them the higher salaries not warranted by their work qualifications.

I do not see why a First Class Chemistry graduate should not be appointed to the Assistant Chemist's grade after inviting applications.

DRAFT SUBMISSION NOTE.

In Government Order No.R.540-7/ Agri.115-13-13 dated 23rd July 1914 sanctioning certain appointments in the revised cadre of the Agricultural Department, the Director of Agriculture was requested to furnish detailed information in regard to the qualifications and claims of Messrs N. Sampath Iyengar and B.C. Shantappa to the posts for which they were recommended by him.

2. Dr. Coleman now reports that, though the academical qualifications of these two persons may not be of a high order, they are best suited for the posts recommended in view of the training they have undergone and the experience they have acquired and that they are superior to any of the recent applicants for the posts. He has accordingly again recommended that N. Sampathiengar may be appointed Senior

25

Assistant Chemist on Rs.150-20-350 and B.C. Shantappa, Junior Assistant Entomologist on Rs.70-10-150 with effect from 1st March 1914.

3. The matter was considered in Council on 12th August 1914. The Council are of opinion that the proposals of the Director may be sanctioned.

4. I solicit the gracious approval of His Highness to the above recommendation.

Final Note by the First Member of Council.

Subject:—

Further consideration of the proposal of the Director of Agriculture to appoint Mr. B. C. Shantappa as Junior Entomologist on Rs.70-10-150.

While passing orders on the proposals of the Director of Agriculture for filling up the superior posts in the revised cadre of the Agricultural Department, the question of appointing Messrs N. Sampathaiyengar and B. C. Shantappa as Senior Assistant Chemist and Junior Assistant Entomologist respectively was reserved for further consideration.

Further enquiries have since been made, and it is observed that Mr. N. Sampatha Iyengar is deserving of promotion, as he is well up in his work, though not a graduate. Mr. Shantappa, -- however, is poorly qualified as regards general education, having only passed the Middle School Examination of Madras, and holding the Intermediate certificate of Agriculture and Economic Entomology of Madras.

The Council have considered the question and finally -- decided that Mr. N. Sampath Iyengar may be appointed Senior ---

36

Assistant Chemist on Rs.150-20-350, and that Mr. B. C. Shantappa continued on his present pay of Rs.70/- per mensem, against a vacancy in the grade of Junior Assistant Entomologist.

11 These recommendations may be approved.

First Member of Council.

FROM

LESLIE C. COLEMAN, ESQ., M.A., PH.D.,
DIRECTOR OF AGRICULTURE IN MYSORE,
BANGALORE.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Depts. of Agriculture & Education, Bangalore.

SIR,

With reference to G.O.No. R. 6605 747/Agri. 107 12-13 of the 24th February 1914 I have the honour to make the following recommendations with regard to appointments in the Agricultural Department:

I. Agricultural Section

i. That D.G.Ramachandra Rao at present Farm Manager on Rs. 120/- (100-5-150) be appointed Assistant Director on Rs. 150-20-250 and be given one increment, thus starting on Rs. 170/- from 1st March 1914. This officer has been Farm Manager for the past ten years and during that time he has had much responsible work to do. I believe he is well fitted for the new post and that his long service in the Department warrants the sanctioning of my recommendation.

ii. That K. Ramayya, at present Assistant Farm Manager, Hebbal, be appointed Farm Manager on Rs. 70 5-100, 100-10-150 with an initial pay of Rs 85 from the 1st March 1914. I propose to place this officer in the

responsible post of Manager of the Hebbal Farm where he will have practical supervision of the students of the Agricultural School and of those undergoing short course training in addition to having charge of extensive experimental work. He is a Mysore scholar who passed with first class honours from the Nagpur Agricultural College in 1910 and has now put in 7½ years' service of the hardest kind in the Agricultural Department. In making recommendations for the appointment of Junior Assistant Botanist his claims were not considered not because of lack of fitness on his part but because I wished to retain his services in the Agricultural Section where I beleived they would be of more value to the Department. Under these circumstances it is but just to enable him to rise to the top of his grade as rapidly as he would had he received the appointment of Junior Assistant Botanist.

II. Chemical Section.

i. That B. Narasimha Iyengar, Assistant Chemist, at present under training in Agricultural Chemistry as a Govt. scholar at the University of Goettingen, be appointed as Senior Assistant Chemist on Rs. 150-20-750 from the first March 1914.

ii. That N. Sampatiengar, Assistant Chemist, who entered the service 9 years ago along with B. Narasimha Iyengar and who draws at present Rs. 120/- on the grade ~~100-10-210~~ 100-10-210 be appointed Senior Assistant Chemist on Rs. 150-20-750 from the 1st March 1914.

III. Biological Section.

i That M.K.Venkata Rao, Assistant Mycologist on Rs.150 be appointed Senior Assistant Mycologist on Rs. ~~150-20-750~~. 150-20-350

ii. That K.Kunhi Kannan, Assistant Entomologist on Rs. 150, be appointed Senior Assistant Entomologist on Rs. 150-20-750.

In consideration of the fact that M. K.Venkata-

M.K.Venkata Rao and K.Kunhi Kannan entered the service about 5½ years ago on their present pay and have proved very capable officers I have the honour to recommend that they be started with one increment i.e., at Rs. 170/- from the March 1914.

iii. That Mr. Ranaganayakulu Naidu at present Artist on Rs. 75, be appointed Artist on Rs. 75-5-100 and be given one increment from the 1st March 1914 in view of his having served very efficiently for over five years on his present pay.

IV. Educational Section

i. That K. Bhima Rao, appointed Assistant Chemist on Rs. 70 in G.O. No. R.84-6/Agri.149-12-3 of the 4th July 1913, be appointed Junior Assistant Chemist on Rs. 70-10-150 with effect from the 1st March 1914.

ii. That M.J.Narasimhan appointed Assistant Mycologist on Rs. 70/- in G.O. No. R. 1061-2/Agri. 149-12-9 of 30th July 1913 be appointed as Junior Assistant Mycologist on Rs. 70-10-150 with effect from the 1st March 1914.

iii. That B.C.Shanthappa appointed Assistant Entomologist in G.O. No. R. 1061-2/Agri. 149-12-9 of the 30th July 1913, be appointed Assistant Entomologist on Rs. 70-10-150 from the 1st March 1914.

IV That Venkata Rao K. Badami appointed as Assistant Botanist on Rs. 70/- in G.O. No. R. 1174-5/Agri. 16-13-2 of the 6th August 1913, be appointed Junior Assistant Botanist on Rs. 70-10-150 with effect from 1st March 1914.

v. That T.V.Subramani Iyer at present Agricultural Inspector on Rs. 50/- be appointed Junior Assistant Entomologist on Rs. 70-10-150 from the 1st March 1914. This officer has shown himself to be one of the hardest working and most efficient of the Junior officers of the Department and has at the same time a good practical knowledge of Entomology. In carrying out field work and popularizing work of all kinds in connection with Entomology he should prove to be very well fitted for this work

Further proposals with regard to ap ointments to the superior staf &c wil be forwarded in a later communication.

I have the honour to be,

Sir,

Your most obedient servant,

Leslie Coleman

Director of Agriculture.

To

The Secretary to the Government of
His Highnes the Maharaja of Mysore,
Departments of Agriculture & Education,
Bangalore.

SIR,

With reference to G.O. No. R. 6695 743/Agri 107 12-13 of the 24th February 1914 sanctioning among others the appointment of an Office Manager for this Department I have the honour to recommend ~~xxxxxxxxxxxxxxxxxxxx~~ E.S.Ramaswami Iyer for this post from 1st March 1914. E.S.Ramaswami Iyer has for the past six years filled the post of Head Clerk in this Department and has during that time proved a capable, trustworthy and painstaking officer. He has put in nearly nineteen years' service under the Mysore Government, ten of which have been spent in the Agricultural Department. This experience fits him particularly well for the post of Office Manager

With regard to Educational qualifications he has passed the F.A.Examination of the Madras University and has also obtained diploma of the Madras Agricultural College.

I have the honour to be,
Sir,
Your most obedient servant,
Leslie C Coleman
Director of Agriculture.

Departments of Agriculture & Education,
Bangalore.

SIR,

With reference to G.O. No. R. 6695-747/Agri. 107-12-13 of 24th February 1914 sanctioning the appointment of a Head Clerk on Rs. 50-5-75 I have the honour to state that the officer whom I propose to appoint to fill this position is R. Narayana Rao, clerk in this office. This officer has already put in over 21 years' service under the Mysore Government about 8 of which has been put in in this Department. He has only five years more to put in prior to retirement. As he has worked long and faithfuly for the Government and as he is at present drawing Rs. 50 a month and has had no increment for several years, I have the honour to recommend that he be granted two increments and be started on Rs. 60/- a month as proposed by me originally for this post.

With regard to his qualifications I may say that he is a diplomate of the Madras Agricultural College.

I have the honour to be,
Sir,
Your most obedient servant
Leslie C. Coleman
Director of Agriculture.

FROM

LESLIE C. COLEMAN, ESQ., M.A., PH.D.,
DIRECTOR OF AGRICULTURE IN MYSORE,
BANGALORE.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Depts of Agriculture & Education, Bangalore.

SIR,

With reference to para 3 of G.O. No. R. 546-7/Agri. 115-13-13 of 23rd July 1914 I have the honour to report with reference to the qualifications and claims of N. Sampatiengar and B.C.Shanthappa as follows:-

1. N. Sampathiengar, after a competetive examination held in November 1903, was granted, along with B.Narasimha Iyengar and another, a scholarship for work in the Agricultural Chemist's Laboratory in May 1904. On 1st July 1905, after a further competetive examination, he was appointed along with Mr.B.Narasimha Iyengar as Probationary Assistant Chemist. In G.O. No. R. 1605-6/Agri. 4-11-2 of the 13th September 1911, the designation of these two men was changed from Probationary Assistant Chemist to Assistant Chemist. Thus throughout they have been treated in exactly the same way up to the time when it was necessary to recommend a man for a scholarship for study in Germany. I then recommended B. Narasimha Iyengar, but this in no way indicated that N. Sampatiengar was not an efficient officer worthy of receiving such a scholarship had there been need for the special training of two men.

It thus appears that N. Sampathiengar has been in service for ten years. The fact that he had on entering service, not completed the English side of his B.A. Examination, might have properly been taken into consideration at the time of his entertainment as an officer of the Department, but after ten years' service the question of his preliminary qualifications can be safely ignored and the decision as to his suitability for further advancement be based on the work he has done since joining the Department.

With regard to his present work, since the departure of B. Narsimha Iyengar the bulk of the Chemical work ~~with~~ relation to agriculture has been thrown upon him. His work has been very satisfactory and has been carried out in a most painstaking and conscientious manner. His long experience in the Department fits him for the post much better than any one ~~xxxx~~ else available and in fact he is the only man available whom I should feel at all justified in recommending for the post. Until the return of B.Narasimha Iyengar two years hence, the bulk of analytical work in connection with agriculture will be carried out by Mr. Sampathiengar as he is the only man with the exception of the Chemist Mr. H.V.Krishnayya with the necessary training and experience and this latter officer must devote most of his time to work for the Geological Department. I may say here that none of the recent applicants for posts in the Chemical Laboratory has experience such that I could trust him to do independent analytical work. Under these circumstances I have the honour again to recommend the appointment of N. Sampathiengar to the post of Senior Assistant Chemist with effect from 1st March 1914.

I might note here that N. Sampathiengar has for the past three years been on the grade of 100-10-210 (vide G.O.No. R. 1605-6/Agri. 4-11-2 of the 13th September 1911). This grade is not to be found in the cadre sanctioned by Government in their G.O. No. R. 6695-743/Agri. 107-12-13 of the 24th February 1914.

2. B.C.Shanthappa entered the Agricultural Department on the 4th September 1908 as Senior Entomological Fieldman. From

the beginning he has displayed an energy and ability in entomological work of which I cannot speak too highly. His knowledge of local conditions in almost all parts of the State and his tact in dealing with agricultural classes in connection with demonstration work has made him one of the most valuable men of the Department for district work. On 1st November 1910 he was appointed as Superintendent of Experimental Plots and in G.O. No. R. 1061-2/Agri. 149-12-9 of the 30th July 1913 he was appointed Assistant Entomologist on Rs. 70 per mensem with effect from the 15th June 1913. From the above it will be seen that he has been since that date senior to T.V.Subramani Iyer whose appointment as Junior Assistant Entomologist on the grade of 70-10-150 has now been sanctioned.

With regard to B.C.Shanthappa's paper qualifications they are, it seems to me, of very minor importance. Such qualifications should no doubt be taken into serious consideration when a man is first appointed to a department but I have always gone on what appears to me the only sound principle of recommending men for advancement on the basis of the work done and the ability shown by them after their entertainment on the departmental staff. However B.C.Shanthappa has since joining this Department passed the Madras Technical Examinations in Economic Entomology and Agriculture standing first for the Presidency in the first subject and second for the Presidency in the second subject, so that he has shown a considerable degree of proficiency from this standpoint also.

I may be permitted to point out again here that B.C. Shanthappa has already been appointed by Government to the post of Assistant Entomologist on Rs. 70/- per mensem, a post which I take it, is superseded by that of Junior Assistant Entomologist on Rs. 70-10-150. If then he is not confirmed in this appointment there is no other post vacant for him. As he is the most valuable man in the Department available for Entomological fiel work (the Senior Assistant Entomologist has to stay at Head quarters much of the time for work in connection with the Agri-

cultural School) the failure on the part of Government to ~~xxxfix~~ confirm him in this appointment would mean a most serious set ~~x~~ back to the practical work of the Department. In conclusion I may say that although I have received a number of applications for this post since I sent up my recommendations none of the candidates is to be compared in suitability and practical knowledge with B.C.Shanthappa. I have therefore the honour once more to recommend him for the post of Junior Assistant Entomologist on Rs. 70-10-150 per mensem with effect from 1st March 1914.

I have the honour to be,

Sir,

Your most obedient servant,

Leslie Coleman

Director of Agriculture.

To

M. Visvesvaraya, Esq., B.A., C.I.E.,

D e w a n of M y s o r e,

B A N G A L O R E.

Sir,

In the interview you graciously accorded to me at Ooty on the 23rd of May 1914, I took the liberty to place before you the circumstances of my case and requested you to kindly provide me with a suitable - footing in the Educational or Agricultural Department of the Mysore Service. At the same time I obtained your kind permission to submit a written application to you. I accordingly submitted my humble application stating therein my qualifications and other circumstances.

I beg to be permitted to state here as therein that I am a pure Mysorean and a loyal subject of His Highness the Maharaja of Mysore being bred and born in Mysore. I am the eldest son of L. Srinivasaiengar, Advocate, Bangalore.

I was also educated in the Central College and passed "Honours" Course in Zoology and Botany in the Presidency College, Madras, my main subject being - Zoology.

I am the first Mysorean that has specialised in Zoology and I stood first for the Presidency in my -

subject

subject this year. I should not forget to mention here that I was the recipient of an honorary scholarship of the Mysore Government during the period of the three years I studied at Madras and to thank the Government for the same.

According to the sub division of the University Curriculum my subjects come within the group Natural Science, which includes Zoology, Botany and Geology, to pass any one of which according to the new curriculum, one requires to be trained in practical work in a Laboratory, and I had the good fortune to have had the benefit of the use of the Laboratory in the Presidency College.

The two subjects in which I passed the "Honours" Examination justifies me to look up to the Educational or Agricultural Department for a start in life and necessitates me to seek an opportunity to work in a well equipped Laboratory like that in Central College so that I may be in constant touch with my subject, especially the Laboratory portion of it.

Hence I took the liberty of waiting on Mr. Tait, Principal, Central College, Dr. Coleman, Director of Agriculture, and Mr. M. Shama Rao, Inspector General of Education in Mysore. All were kind enough to give me more than one interview. Dr. Coleman to whom I was referred by Mr. Tait told me that at present there was no vacancy in his office which would suit me, but

that

that I could be visiting his Laboratory, and he would make use of me if opportunities occur.

Mr. M. Shama Rao more than once made me and my father Mr. L. Srinivasaiengar, Advocate, to understand that he would recommend me for a decent post in the Educational Department, (College or Training School) carrying a salary of Rs.125/- or Rs.150/-. I was fondly hoping that he would be able to do so, especially as the scheme for the reorganisation of the Normal School at Mysore has been sanctioned by Government and the Central College Staff in the Natural Science Group has to be increased and strengthened owing to fresh admissions this year.

On Tuesday the 21st July, Mr. J.G. Tait, M.A., Principal, Central College to whom I am much obliged for various acts of kindness on his part, wrote to me to say that the Inspectpr General of Education has sanctioned temporarily two or three hands on Rs.70/- a month as demonstrators and that I would be given one. As it was a temporary one and as there are already 7 or 8 permanent demonstrators and as the pay offered was very low, I thankfully declined it. Hence the liberty I take to approach you with this petition with a prayer to bestow a favourable consideration on my case. It is distasteful to speak of one's claim on his merits. However, I beg to be permitted to say that the Natural Science students are at great disadvantages in many respects compared to students in Mathematics and History and this is more so where the former set of students happen to be

graduates

graduates with "Honours", as the moment they leave the College, they have no means of keeping up the practical portion of their knowledge unless they are attached to one of the Laboratories. Hence my ambition to join - the Educational or the Agricultural Department in Mysore on a decent footing and to be employed either in the - Central College or in Dr. Coleman's Office. If it is not presumptuous on my part I may state here that one who has specialised in any of the subjects prescribed for the - "Honours" Course is equal to M.A. and there is no provision in any Indian University for a further course of study - except that of Post Graduate research work.

Students who have passed the M.A. Examination under the old regulations or the "Honours" Course under the new regulations are seldom started on less than Rs.125/- or - Rs.150/- especially in the Educational Department, in which if one starts on such a low salary as Rs.70/- without any grade, he can hardly expect to rise to a position in which he will be free from temptation to look up to other Departments for promotions or better preferments.

A student of Natural Science like myself is very much handicapped in respect of chances for successfully competing for the Mysore Civil Service Examination on the ground that such a student can only do his best in the theoretical portion of his subject (namely, Zoology, Botany & Geology) but has no means of continuing his practical work for want of a properly equipped Laboratory, whereas students of - History and Mathematics can successfully carry the palm - without such difficulty as the nature of their subject does

not

not require any practical training. The maximum number of marks allotted for practical work in the Natural - Science subjects in the Civil Service Examination is 200. Besides a student who has taken "Honours" in any subjects except English, if he wishes to appear for the Civil Service Examination in Mysore has to study the English Language, viz., old and middle English according to the rules in force.

Under the above circumstances, I was advised and I also admit reasonable that I should if practicable stick to my subjects, viz., Zoology and Botany in which I specialized and for which I have attachment and throw my lot in the Educational or Agricultural Department.

It is now in the power of the Inspector General of Education to start me in the Central College on a reasonable salary of Rs.125/- or Rs.150/- as was done in the - case of Mr. C.R. Narayana Rao, present Assistant Professor of Zoology in the Central College, who was started on Rs. 160/- a few years ago.

In the scheme sanctioned for the Normal School there is a post of Rs.150/- which I understood the Inspector - General of Education would be pleased to give to me in case I was willing to go to Mysore.

In conclusion I beg to state that no M.A., or one who has passed the Honours Course was started on a pay less - than Rs.150/- till now in the Central College.

In begging to be excused for the liberty I have taken herein and for the trouble I have given you I respectfully pray

pray that you may be pleased to take a favourable view of my case and confer on me a decent post in the Central College where there is a necessity for a specialised hand in the Natural Science Department at present.

I have the honour to remain,

Sir,

Your most obedient servant,

B A N G A L O R E,
6th August, 14.

C S Raju

CONFIDENTIAL

No 80/Agri 115-13, D. 5. 9. 14

Dear Dr. Coleman,

With reference to correspondence ending with your letter No. —— of the 24th July 1914 re Sampathiengar and Shantappa, I am directed to observe that Shantappa has pu in a service of only about 6 years and that hi educational qualifications- general and technical- are not of a high standard. Government ~~no doubt~~ Of Course attach due value to your strong commendation of the good work he has been doing till now, but they are inclined to think that he has not ~~adequately earned~~ done enough to deserve promotion to an appointment the pay of which will ~~automatically~~ rise by increments to Rs. 150/-. Men of his general attainments and service in other departments of Government have rarely a chance of rising to Rs. Rs. 70/- and much less to Rs. 150/-, except after very long and ~~good~~ meritorious service. The rapid promotion which Shantappa will get if your recommendation is accepted is likely to create serious discontent in several quarters. The post of Junior Assistant Entomologist to whicl you propose to appoint him, should, in the opinion of Government, be filled by men who will not only be good at demonstration and field work but who would also be able under proper guidance, to do their share of work in the laboratory and in the class room. They should be capable of delivering popular lectures and in other ways of imparting information ~~of communicating~~ to the public ~~others what they know~~. This ~~implies~~ requires the possession of a fair amount of general education and culture and for this reason Government would be glad if you could get a graduat for the place. It is understood that an - -

Honours graduate in Zoology is available.

I am therefore to request you to consider and submit proposals for employing Shantappa on his present pay in this or any other branch of the Department and secure a graduate for the place of Junior Assistant Entomologist.

I request the favour of an early reply.

Yours sincerely,

28/8/14

Dr. L.C. Coleman. M.A., Ph. D.

DEPARTMENT OF AGRICULTURE,
MYSORE STATE.

OFFICE OF THE DIRECTOR,

Bangalore, 24th January 191 5.

Dear Mr. Balasundaram Iyer,

Some time ago you sent me a D.O. letter with reference to my recommendation of B. C. Shankarappa to the post of Junior Entomologist. Your letter has, unfortunately, been misplaced but I remember distinctly, you mentioned that Government objected to making the appointment chiefly on the score that the candidate supposed lack of general education and wished me to make further recommend-

3)

the most intelligent agriculturists in the State. Many of these planters both Indian and European have spoken in the highest terms of the marked intelligence and zeal displayed by this Officer in the carrying out of the work. It is this exceptional intelligence and zeal which has led me to recommend this Officer for what apparently appears to Government as a too rapid promotion.

The fact that the candidate has not passed certain examinations seems to me a matter of very small importance. The main question should be whether he has a good practical knowledge of Entomology and a good

4) commend of the English
Language. I believe I should
be able to judge accurately
with regard to his qualification
to be a Pharmaceutical Chemist
and I should not hesitate to
recommend him in both regards
equipped as
With regard to the
possibility of my recommending
a graduate I regret To have
to say that the only graduate
applicant who
suitable to accept
to my education received
from a member of the Examining
Board of the University, not
that practical knowledge
aptitude which would
make him suitable for
this post and therefore I
cannot recommend him
for appointment.
If Government do not
consider that I am
capable of judging with
